

VENUE INFORMATION

Saigon Exhibition and Convention Center (SECC) is the largest exhibition and convention venue in Southern Vietnam, built to international standards and strategically located at Tan My Ward, Ho Chi Minh City, Vietnam. The venue is just 15 minutes from the city center and approximately 30 minutes from Tan Son Nhat International Airport.

799 Nguyen Van Linh, Tan My Ward, Ho Chi Minh City, Vietnam

BOOTH OPTION

RAW SPACE:

Ideal for exhibitors who wish to build their own concepts

SHELL SCHEME: (minimum 9 sqm)

Includes:

- Wall partition of 2,5 height in white laminated panel
- Fascia with Company name and booth number Carpet
- 2 Fluorescent tubes 40W
- 1 Information counter
- 2 Folding chairs
- 1 socket 5 Amp/220V
- 1 Waste basket

PREMIUM BOOTH (minimum 9 sqm)

Includes:

- 1 Top Banner
- 2 Folding Chair
- 2 White wooden Chair
- 1 Round Wood Table
- 1 Lockable Cabinet
- 2 Fluorescent Tubes
- 1 5AMP/220V single phase power socket
- 1 Waste Paper Basket

EXHIBITION OVERVIEW

Grind Tech Expo Vietnam 2027 is Vietnam's leading international exhibition dedicated to grinding technology, abrasives, precision surface finishing, and advanced manufacturing. The event connects global suppliers with manufacturers and buyers, creating a premier platform for business networking, technology exchange, and market expansion in Southeast Asia.

VIETNAM MARKET INSIGHTS

Market Growth and Outlook for Vietnam's Grinding Technologies

- Market Size: **In 2025**, the Vietnam grinding machines market is valued at approximately **USD 110 million**.
- Growth Rate: The market is projected to grow at a **CAGR of 7.4% during 2025–2031**.
- Future Outlook: **By 2031**, the market is expected to reach around **USD 300 million**.
- Key Sector: The automotive industry holds a significant share, alongside electronics, metalworking, and construction.

High-Growth Opportunities in Vietnam's Grinding Machines Market

- **Industrial Expansion:** Vietnam's emergence as a Southeast Asian manufacturing hub is driving demand for high-precision grinding technologies.
- **Technological Adoption:** Increasing integration of CNC, automation, IoT, and smart manufacturing enhances productivity and precision.
- **Sustainability Trends:** Rising demand for energy-efficient and eco-friendly grinding solutions aligned with international standards.
- **Government Support:** Favorable tax policies, subsidies, and infrastructure development create a strong growth environment.
- **Automotive & EV Growth:** Expanding automotive manufacturing and the shift toward electric vehicles are fueling demand for advanced grinding machines for critical components.

VISITOR PROFILE

- Manufacturing Business Owners & Plant Managers
- Manufacturing Engineers & Technical Specialists
- CNC Machine Operators, Grinding & Milling Technicians
- Maintenance & Quality Control (QA/QC) Professionals
- Machinery & Mechanical Equipment Suppliers
- Machinery, Tools & Abrasives Distributors
- Precision Engineering & Contract Grinding Service Providers
- Professionals from Woodworking, Glass, Stone Medical Devices, Optics & Watchmaking Industries

TESTIMONIALS

Mr. Wang Yan – Sales Manager
Hunchun Zhengxing Abrasive Co.,Ltd

“I participated in Grindtech Vietnam 2026 with the goal of exploring opportunities and expanding our presence in the Vietnamese market. Overall, the exhibition provided a useful platform to better understand the local business environment and connect with industry stakeholders. I particularly appreciated the organizer's efforts in arranging face-to-face meetings between exhibitors and buyers, which created valuable networking and business opportunities. We will consider to participate again in the next year. Thank you.”

Mr. Gao Huaiwei – Director
Henan Duocan Carbon Tech Co.,Ltd

“I participated in Grindtech Vietnam 2026 with the objective of exploring the Vietnamese market and identifying potential distributors for our products. Overall, the exhibition experience was positive. What impressed me most was the professional B2B buyer conference, which provided a valuable platform for direct business discussions and networking with industry professionals. At this stage, it is still too early to confirm our participation in the next edition, and we will make a decision based on the outcomes and developments following the exhibition. Thank you.”
